Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for the Cloverleaf and East Madison Subdivision Improvement project in surface transportation reauthorization legislation.

The project sponsor for this project is John Hamm III and the City of Madison, and the project is located on Central Street, Collinsville Avenue, Troy Street, Old Nickel Plate Road, Edwardsville Road, McCambridge Avenue, Elizabeth Street, and Alton Avenue in Madison, Illinois 62060.

The funding is designated for the project which is seeking to update pavement and storm sewer repairs throughout two neighborhoods in Madison, Illinois.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. The community is low to moderate income and the infrastructure is in a very deteriorated condition and needs updated. This is a residential area that needs updates.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Bost
Member of Congress
