The Honorable Sam Graves  
Ranking Member  
House Committee on Transportation  
2164 Rayburn House Office Building  
Washington, DC 20515

Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for the Edwardsville Road Resurfacing Project in surface transportation reauthorization legislation.

The project sponsor for this project is Steve Palen and the City of Wood River, and the project is located on East Edwardsville Road from 300' east of IL Route 111 to the western City Limits at Haller Street in Wood River, Illinois 62095.

The funding is designated for the project which is milling and resurfacing of the existing pavement, pavement patching, upgrading Americans with Disabilities Act ramps where required, pavement marking, traffic control, and other incidental work to complete the project.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits. East Edwardsville Road is classified as a minor arterial with an average daily traffic of over 12,000 vehicles per day serving as one of the major routes within the City. This will improve road conditions and upgrade them to ensure compliance with the Americans with Disabilities Act.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Mike Bost  
Member of Congress
